SUMMARY

Results-driven MCA graduate with practical experience in Data Analytics, Python Development, Artificial Intelligence, and Full-Stack Web Development. Proficient in Power BI, Excel, SQL, Python, React.js, MongoDB, and MySQL, with a proven ability to analyze complex datasets, develop interactive dashboards, and build scalable web and AI-driven applications.

TECHNICAL SKILLS

- **Programming Languages:** Python, JavaScript, PHP, Java, SQL
- **Frameworks & Libraries:** Django, FastAPI, jQuery, Streamlit, Scikit-Learn
- **Web Technologies:** HTML, CSS, Bootstrap
- **Backend Development:** API Integration
- **Databases:** MySQL, MongoDB, PostgreSQL
- **Data & Analytics:** Excel, Data Analysis, Data Validation, Dashboard Reporting, Debugging, Workflow Optimization
- **Tools & Platforms:** Git, GitHub, Bitbucket, Bugzilla, XAMPP, Postman, Power BI, VS Code
- **Concepts:** Object-Oriented Programming (OOP), SDLC, CRUD Operations, Version Control, DOM Manipulation
- **Artificial Intelligence & Machine Learning:** Streamlit, Machine Learning, Data Preprocessing, Prompt Engineering

EXPERIENCE

Data Analytics Intern | Unified Mentor

- Analyzed and validated over 5,000 data records, enhancing reporting accuracy and data quality.
- Cleaned and transformed datasets using Power BI and Excel, achieving over 95% data accuracy.
- Developed 5+ interactive dashboards for business reporting and KPI tracking, facilitating data-driven decision-making.
- Reduced manual data processing time by 30% through effective workflow optimization.

AI Intern | Edunet Foundation

- Developed an AI-powered diagnosis system using Python, Streamlit, and Scikit-Learn, improving healthcare analytics.
- Processed over 5,000 healthcare records for model training and evaluation, achieving over 85% prediction accuracy.
- Enhanced application performance by 25% and system reliability by 30% through debugging and optimization.

PROJECTS

AI-Powered Medical Diagnosis System

- Developed an AI-based healthcare application utilizing over 5,000 medical records, achieving over 85% disease prediction accuracy.
- Automated diagnosis workflows, reducing manual analysis time by 60% and improving operational efficiency.
- Built an interactive Streamlit dashboard for real-time predictions, enhancing user engagement.

Employee Attrition & Crop Data Analysis

- Analyzed over 10,000 HR and agricultural records to identify key trends, supporting strategic decision-making.
- Created 5+ interactive dashboards for business reporting and visualization, improving stakeholder insights.
- Enhanced data quality through cleaning and preprocessing, achieving over 95% accuracy.

Express Espresso – Coffee Shop Management System

- Developed a full-stack application with 10+ modules, including orders, cart, and inventory management.
- Managed over 500 product and customer records using MySQL, ensuring data integrity and security.
- Improved user experience through responsive design and optimized workflows, increasing customer satisfaction.

Tasty Tab – Digital Menu Platform

- Built a digital menu platform managing over 500 menu items and feedback records, enhancing customer interaction.
- Improved user navigation efficiency by 40% through intuitive design and reusable React components.
- Integrated MongoDB for dynamic content management, ensuring seamless updates.

Library Book Management System

- Developed a CRUD application handling over 1,000 book records, streamlining library operations.
- Reduced manual library operations by 60% through automation, improving service delivery.

Online Jewelry Webstore

- Developed an e-commerce platform supporting over 100 products, implementing secure database integration.
- Reduced page load time by 25% through frontend optimization, improving user retention.
- Enhanced mobile responsiveness and user experience, increasing sales conversions.

EDUCATION

- **Master of Computer Applications (MCA)**
Dr. D. Y. Patil Vidyapeeth, Pune
2024 – 2026 | CGPA: 9.36
- **Bachelor of Computer Applications (BCA)**
Veer Narmad South Gujarat University
2021 – 2024 | CGPA: 7.95

CERTIFICATIONS

- Career Essentials in Data Analysis – Microsoft & LinkedIn
- Learning Data Analytics: Foundations – LinkedIn Learning
- Data Analytics and Visualization Job Simulation – Forage
- Python Data Structures & Algorithms – Infosys Springboard
- AI: Transformative Learning Program – Tech-Saksham
- Rise Up with ServiceNow Bootcamp Accreditation
- Object-Oriented Programming (Java) – Simplilearn
- Prompt Engineering for ChatGPT – Great Learning
- Career Edge – Young Professional – TCS ion
- Search Engine Optimization (SEO) with Squarespace – Coursera Project Network

SOFT SKILLS

- Analytical Thinking
- Problem Solving
- Communication
- Team Collaboration
- Leadership
- Adaptability

ACHIEVEMENTS

- Completed 2 industry internships in Data Analytics and Artificial Intelligence.
- Developed and deployed 6+ academic and industry-focused projects.
- Analyzed and validated over 5,000 records during Data Analytics internship.
- Built an AI-powered healthcare application achieving over 85% prediction accuracy.
- Earned 10+ professional certifications in Data Analytics, AI, Python, and Software Development.
- Achieved MCA CGPA of 9.36 across three semesters.
